

Online Income Free Guide 2023

Hello and welcome to my FREE online income guide for 2023. The main aim is to give prospective visitors a way in which to make decent earnings working from home.

Clickbank has been around for many years, specifically allowing vendors to promote their digital products for sale. Either as a direct purchase or via the easy-to-join affiliate program.

It's not my favourite platform in the world that's for sure, but there's no denying the opportunities in making a few quid from it.

The first thing you want to do is open up a FREE Clickbank account if you haven't already got one. Click [here](#)

Once you fill out the basic account details you can go and check out the **affiliate marketplace** and type in a category that, you're comfortable with and/or have a knowledge of.

A screenshot of the ClickBank Marketplace website. At the top left is the "CB MARKETPLACE" logo. To the right is a search bar with the word "Search" and a magnifying glass icon. Below the logo is a horizontal menu with categories: "All", "Top Offers", "New Offers", "Health & Fitness", "E-Business & E-Marketing", "Spirituality, New Age & Alternative Beliefs", "Self-Help", "Home & Garden", "Cooking, Food & Wine", "Green Products", and "Business / Investing". The main content area features a large promotional banner on the left with a man's photo and the text "FREE COURSE HOW TO GET STARTED AS A CLICKBANK AFFILIATE" and a "LEARN MORE" button. On the right, there are three sections: "Top Offers" with a box icon and a ribbon, "New Offers" with a hand holding a box icon, and "Saved Offers" with a jar and a checkmark icon. At the bottom, there is an orange banner with the text "MAKE YOUR FIRST \$2,000 ONLINE" followed by the "SPARK" logo and a "LEARN HOW" button.

The four products below I have listed and in their level of importance from 1 to 4 are in the **eBusiness and Marketing** niche.

The other thing which is of crucial importance and can be seen on the right hand side of the product is the **Gravity score**. If for example you see an item which has a score of 275. That basically means there are at least that number of people who have made at least one affiliate sale from it.

The screenshot shows a product listing for "Live Chat Jobs - You have to try this one". The Gravity score is 303.06, which is circled in black. The initial \$/conversion is \$12.84 and the recurring \$/rebill is \$39.76. The average \$/conversion is \$56.95. The product is in English and is categorized under "E-business & E-marketing - Social Media Marketing". The description states: "Live Chat Jobs. \$1 trial, unlimited re-bills, optimized upsell flow, 75% commission on everything. In-house affiliate management team. Co [Read more](#)". The product features include: Upsell Flow, One-Time, Recurring, \$1 Trial, Affiliate Tools, and Multiple HopLinks. There are buttons for "Affiliate Page" and "Seller Contact".

The above list all are established still in-demand products and have a very high gravity score. Of course that means more competition. It's always better to promote items which are selling with lots of competition than one's which aren't and don't have much competition.

The one I recommend you go promote to your list (if you one) or want to give it a go yourself is number 1 on the list - [Live Chat Jobs](#)

The next piece of the jigsaw is getting people to your free download guide. There are a few good email marketing service businesses out there, but the one which is number for me is **GetResponse**. Their customer service is superb and the platform tools they have are top-notch.

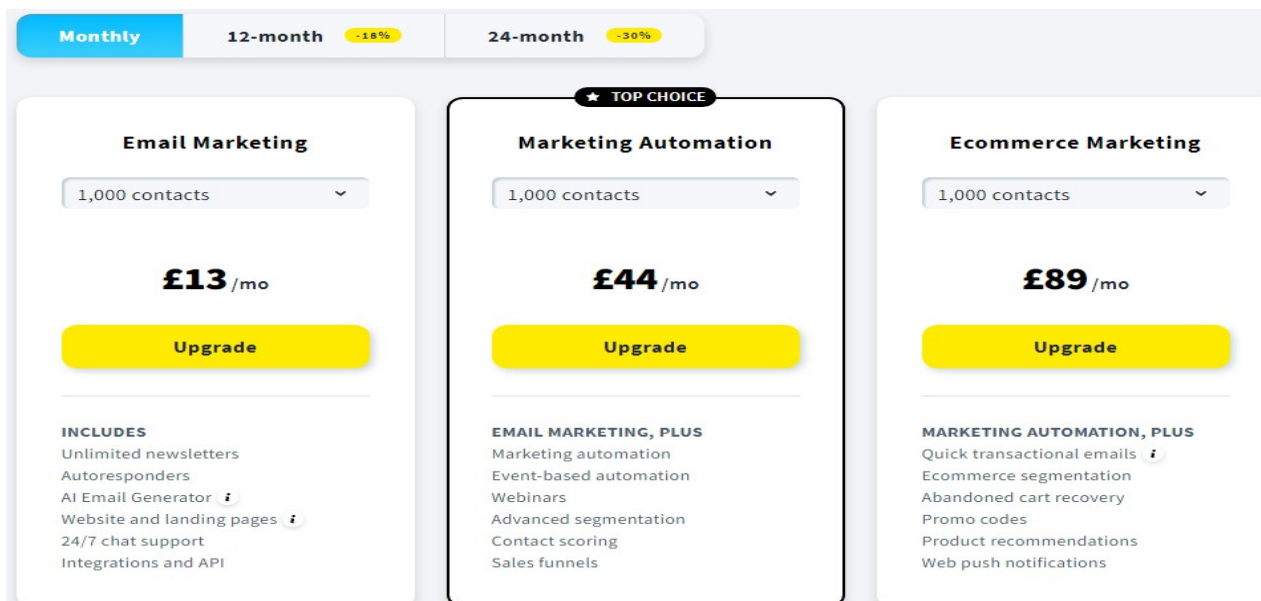

As part of their service they give you a superb range of items to help you get what you want from your promotions.

1. Web Builder
2. Landing Page Templates
3. Autoresponder – Building your email list
4. Webinars
5. AI generated email niche content

So the burning question is how much would an impressive list of features cost in today's marketplace?

For just **£13pm** basic plan you get the following below :

- Up to 1000 Contacts
- Unlimited newsletters
- Autoresponders
- AI Email Generator
- Website and landing pages
- Various templates
- 24/7 chat support
- Integrations and API

Even better than that. They are so confident that, you'll sign up after the trial period, they are currently give you a **30-day FREE trial** where you can access all of the above facilities.

For more information about the **30-day FREE trial** click [here](#).

Getting traffic to your offer is another thing to consider. The list below might seem obvious, but represents the better opportunities.

- Google Keyword Product Search
- Your Own Blog/Site
- Facebook Groups
- Twitter
- Pinterest
- You Tube/Tik Tok

The last entry on the last are the two main video platforms. This isn't straightforward, as it should be and people tend to miss this point out. You can only place links directly below your own video(s) when you've met a certain criteria. Views and subs basically.

Well it just leaves me to say, all the best with your online endeavours and once you find a method that suits you and brings positive results, just rinse and repeat the process.
